

POW

Concentrated Disinfectant Cleaner

DESCRIPTION

An outstanding multiple action hospital grade disinfectant cleaner deodorizer. This dual quaternary disinfectant at a 1/2 ounce per gallon dilution ratio exhibits very effective disinfecting.

PRODUCT FEATURES / BENEFITS

- Disinfects, deodorizes and cleans in a single operation / Multiply activity reduces maintenance time and costs
- Broad spectrum activity / Virucidal and fungicidal for maximum control of disease organisms
- Only 1/2 ounce per gallon required / Most cost effective disinfectant available
- Phosphate free / Completely biodegradable
- Safe for personnel and on equipment when used as directed / Offers maximum safety for cleaning personnel and equipment

DIRECTIONS FOR USE

This product is a concentrated non-phosphated detergent, disinfectant, sanitizer, fungicide and deodorizer specifically designed for institutional uses such as: hospitals, nursing homes, and schools, where housekeeping will be of prime importance in controlling the hazards of cross-infection.

For use on floors, walls, and other hard surfaces in hospitals, nursing homes, hotels, public areas, industrial areas, and in institutions. Excellent for operating rooms, rest rooms, nurseries, and food service areas. For cleaning, disinfecting and deodorizing floors, walls, cabinets, sick room equipment, sinks, bath tubs, urinals, toilet seats, bed pans, all washroom and bathroom fixtures, shower rooms, refrigerators, stoves, garbage cans and telephones. When used as directed, this product is effective against Staphylococcus Aureus, Salmonella Choleraesuis and Pseudomonas

Aeruginosa. It is also effective against pathogenic fungi, Trichophyton Interdigitale.

Use at 1/2 ounce per gallon of water. This product will be effective against Pseudomonas aeruginosa PRD-10 at this level. At 1/2 ounce per gallon of water, this product is fungicidal against pathogenic fungi. For best results, use with a cloth or mop and apply to walls, floors and other hard surfaces. If used for sanitization of previously cleaned food equipment or other food contact items, limit the level of active quaternaries to 200 ppm. (1 oz./5 gal.) At this use level no potable water rinse is required. When used on environmental inanimate hard surfaces at 1/2 oz. per gallon of water, this product is effective against Influenza A2, Herpes Simplex, Adenovirus Type 5 and Vaccina. For heavy soil or organic matter, a precleaning step is recommended.

SPECIFICATIONS

Use Dilution	1 to 256
Active Ingredients	Quaternary
Cleaning Agents	All synthetic
pH (Concentrate)	11 ± 0.5
pH (Use Dilution)	9 ± 0.5
For Conductive Floors	Yes
Staphylocidal	Yes
Salmonellacidal	Yes
Pseudomonacidal	Yes
Fungicidal	Yes
Virucidal	Yes
Specific Gravity (gr/cc)	1.045 ± .005
Density (lbs/gal).....	8.7 ± .05

Color	Yellow
Odor	Pleasant
Upper Cloud	> 140
Lower Cloud	< 25
Flash Point	None
Sensitizing	No
Staining	No
Oral Toxicity	Low
Phosphates	None
Biodegradable	Yes
Hard Water Stable	Yes
Deodorizing	Excellent
Disinfecting.....	Excellent
Cleaning	Excellent

SAFETY INFORMATION

PRECAUTIONARY STATEMENTS : Hazard to humans and domestic animals.

DANGER: Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin or if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Registered with the Environmental Protection Agency

Authorized by USDA for use In federally inspected meat and poultry plants.
